We have a lot coming up at the beginning of June with the AGM and the Annual Dinner to be held in just over a week away.

The Maroochydores SLSC AGM commences at 8.30am Sunday 7th June, followed by the Maroochydores SLSC Supporters AGM. Everyone who is coming along must ensure they have renewed their club membership before this date so they are eligible to vote.

Preparations for the Annual Dinner are well underway. A good night will be had by everyone who comes along. A few tickets are still available for sale, so don't miss out.

Gymnasium membership is up for renewal also. Once you have renewed your membership you will receive a new pin number to access the facilities.

If you haven't already been down, then you should come down to the club and have a look at the renovation that is well underway in the clubhouse. Thanks goes

to Dale Massie for his efforts in the organisation of the building process for the new first aid room and toilets.

The Uniform Committee has spent a lot of time over the last few months in coming up with new uniform designs for our competitors. A design has been picked and it looks fantastic. I would like to thank Larissa Hallem and her team for all of the hard work they have put in. We are hoping to have a showing of the new uniform at the Annual Dinner

Next time you're in the Supporters club be sure you take a look at the renovated steps leading up to Flag's bistro. Owen Blinco and Denis Purcell have donated their time and energy into restoring the steps and they have done a great job.

Steve Wieland

See you on the beach.

Thank you to the Decorators, Splash Events and Wine supplier, Vintage House for their generous support of our Annual Dinner.

Well, here we are into the beginnings of June. That means AGM, the Annual Dinner and Presentations.

Hopefully I will see many of you there on the night catching up with old friends, patrol mates or just friends.

As we all celebrate the achievements of last season I have to start thinking about next season in earnest, and what is needed over the coming months.

The gear will all be reviewed and repaired, replaced, or discarded if it is beyond its use by date. Also, the arena cover will be replaced. We have a new ATV which will replace the Polaris 6 wheel drive unit, and importantly, we will all see the major structural works that are being undertaken downstairs in the club area completed. Among all the proposed renovation works. involves new facilities for the nippers, the moving of the first aid room to what was the nippers room.

Thank you to all those members who helped out several weeks ago with the working bee to remove and clean out downstairs in preparation for the renovations.

On the training front we are currently in the middle of an IRB driver's course and in July will start the winter bronze squad to be ready for the new season.

In another month or so I expect we will see the first draft of the sports calendar for next season which means I will have

to start thinking about the patrol roster for next season. For this last season we managed to maintain 15 patrols. Can we do the same next season, I do not know just yet.

I would encourage members to think about stepping up to the plate and putting their hands up to become patrol captains, vice captains, or at least take on one or more additional awards. That will not only assist the patrols, but at a personal level will give you a greater sense of commitment and achievement which may well add a few valuable notches to the resume.

I also want to congratulate the radio operators who have completed their first aid qualifications to enable them to participate as first aid award holders in patrols and take some pressure off the rest of the patrols. Well done folks.

Finally, can I ask you all to confirm sooner rather than later your commitment to another season of patrols and at the same time if you would like a change of patrol please let me know as soon as possible.

The task of organising patrols and the roster is hard as it is, so if you want a change the sooner I know the better.

Have a great and relaxing winter break but don't forget the annual dinner.

See you all on the beach.

Centenary Whispers #7

Ralph Devlin & Peter Rigby

Centenary Book Committee

When the 75th Anniversary history was written in 1990, little was known about our first surf boat in 1934. We knew from the Honour Board that "J. Howard" was the club's boat sweep for a few years before the Second World War, and that our next boat arrived in 1947. But, not much of a story was known back in 1990, and no pictures of it.

Our Centenary History can now tell a pretty comprehensive tale, and what a tale it is!

"SWAN" 1934 MORRISH COLLECTION
[Maroochydoore Surf Lifesaving Club Boat Crew in the Club's first surf boat, Maroochydoore Beach, 1934](#)

Boat rowing in SLSA competition dated from almost the start of the Aussies in 1915. Ten years later, the "Royal" clubs of the Gold Coast defected from "Royal" to "Surf" partly because of the opportunity to row the big heavy "clinker" boats in competition. Tweed Heads-Coolangatta SLSC, our oldest club, began rowing the "Greenmount" in SLSA competition, Kirra SLSC the "Arakoon", and so on.

Meanwhile, from 1923 on "Royal" offered the North Coast clubs R&R, Surf and Belt racing, and Stillwater Lifesaving events. Our club dominated in these competitions for this period. Maroochydoore appears to have been the dominant voice in the defection of the North Coast clubs to "Surf" between 1929 and 1931. But if boat rowing was a major motivating factor, that doesn't come through strongly: As you know, Maroochydoore SLSC became the inaugural Club Champions at the first State Championships held in a "United" Queensland in 1932 - but they did it without a boat. Our friends at Mooloolaba rowed "Spray" to victory that day.

Suddenly, in December 1934, the "Greenmount" appeared on our beach. It had been purchased from TH&C and it was renamed "Swan". The driving force behind this acquisition was Club Secretary, Jack Tyrrell. Jack was also big in Nambour Rugby League and Boxing circles, so we can speculate that cross-training in the off-season formed part of the attraction. Thanks to the Morrish family, we now have photos of the launch of "Swan" in late 1934.

Success in boat competition didn't come our way in the 1930's however. The boat ended up covered in sand on our beach as war broke out. It was salvaged by the Kuskopf Brothers, plied the Maroochy River as a fishing boat, and later, fitted with a motor and sail "Swan" journeyed from the Tweed to Fraser Island!

1947 saw the launch of "Swan II" and our rich heritage as a boat club began in earnest. The first of our State Championships came in 1952 with "Cheon" Hawthorne at the sweep oar. Two more State Junior Boat Titles were won in 1955 and 1956 and then came the Open Boat in 1957. Life Member Ken Neil featured in two of those wins.

Centenary Book Committee

After "Cheon" came "Acho", the Master sweep. Maroochydore dominated Queensland boat rowing for the next 35 years. Maroochydore medalled in Australian Open Boat finals in 1965-67 and 1973, then in 1994 and 2001. "Acho" broke through with the first of our 3 Australian Junior Boat Championships - 1974, 1981 ("Lofty") and 1992 (Rick Estreich). "

1992 Australian Under 18 Champions (Rick Estreich)

"Acho" scored 3 out of 3 State Boat Championships in 1981, while "Lofty" Richardson did it again in 1987.

In 1990 at Marcoola, Laurie Murphy and "Lofty" quinnella'd the State Open Boat Race Championship. Laurie had swept a dominant Reserve Grade crew to Australian Gold a year earlier in 1989 at Coolangatta.

The sweetest of sweet victories came for the Boat section in 2013 when Michael " Megsy " Brookes injected his magnificent boat crew into Maroochydore's Australian Champion Lifesaver Relay. Raylene Symons rowed that day in place of Corey Stone in order to get the required gender mix for the Team. A victory for the True Believers.

Alright, alright, we hear ya! It seems wrong to do this in a Boat story, but the other magnificent members of the Team were Beau Farrell (Board), Sam Bell (Swim), Peter Elford (Ski) and Mitch Harvey (Run).

One last impressive stat - Maroochydore are currently State Champions in 4 Boat events:

- Surf Boat Relay
- Reserve Boat
- Under 23 Womens Boat
- Under 19 Mens Boat

"Megsy" swept for a record 4 State Gold for 2015. The evergreen Laurie Murphy also swept in the Relay.

Watch this space for Aussies 2016 at Maroochydore.

CELEBRATING 100 YEARS 1916-2016

Next season will come round before we know it!

Are you ready?

Maroochydore Surf Life Saving Junior activities would like to thank all its children, young adults and families for a fantastic 2014-15 season.

Surf lifesaving is an amazing community for growing a child's confidence, knowledge and skills in the beach environment. Not only do we find our kids have fun and meet new friends they become part of an iconic organization that has served the Australian community for over 100 years.

Our program is focused on play, participation and fun. However we provide highly skilled and experienced coaches to those individuals and teams, in various disciplines whom wish to be competitive surf sports athletes. Our program focuses on teaching kids at Sunday nippers, when they race and attend additional group training sessions. A holistic approach to lifesaving and surf sports. We offer all this through an educational pathway delivery of the Junior Development Resource Kit. This is designed to ensure children have fun at the beach while participating in lessons that will develop them to become a knowledgeable participant in both lifesaving and sport.

Note: A child cannot be involved in a Nippers program until they turn 5 years old (e.g. if a child turns 5 on 1 November, they cannot join in or partake in any activities until 1 November).

Before the start of the Junior Activities season each child is required to complete a Preliminary Skills Assessment designed to ensure that each child demonstrates a standard of competence in an aquatic environment. Therefore here are the requirements for proficiency testing for the upcoming 2015-16 season.

Is your child on track?

Does your child need to get swimming?

A prepared child is a confident, happy child.

Looking forward to seeing you all again very soon.

Assessors	Accredited Age Manager Level 1 Coach Level 1 Accredited Official Training Officer (SRC/Bronze) Assessor (SRC/Bronze)		
Notes	Every junior member is required to participate in this evaluation, conducted by the club, prior to any junior water activity training or competition being undertaken. Any child that does not meet the required evaluation level will require a higher level of supervision when involved in water based activities at the discretion of the club.	The competition evaluation must be achieved before any competitors are eligible to compete in water based interclub competition.	Every junior member should achieve the relevant Surf Education Award appropriate to their age group.

JUNIOR PRELIMINARY SKILLS EVALUATION

Many activities that will be completed by children as part of junior activities will be conducted in the water. To ensure that all children have a suitable swimming ability to allow them to participate in these activities, SLSA has developed a Junior Preliminary Skills Evaluation for each age group. Every junior member is required to participate in this evaluation, conducted by the club, prior to any junior water activity training or competition being undertaken. It includes a swim and a float which is progressively increased by age group.

Normally this would occur at the very first training session but if not this must be completed before any water activity is undertaken.

The intent of this is to conduct an evaluation of each junior member's own personal swimming and water survival ability for the information of the member, parent and age manager.

Note: It is not an assessment which if not completed competently precludes the child from becoming a member or continuing with junior surf education or training activities.

Conducting the evaluation

This evaluation should be conducted in a safe aquatic environment with a recommended 1:1 water safety ratio (water safety personnel to participant). A 1:1 water safety ratio is especially important for new members where clubs may not be familiar with the ability of the participant.

Following the evaluation

Any child that does not meet the required evaluation level will require a higher level of supervision when involved in water based activities at the discretion of the club. It is a requirement that these children remain in shallow water and based on a 1:1 ratio until the child is deemed competent in relation to the preliminary skills evaluation guidelines. Any child that does complete the preliminary skills evaluation competently can progress to water based junior activities noting 1:5 (water safety personnel to participant) water safety ratio requirements must be provided as per the water safety policy.

Using intra-club water activities for skills progression

Clubs are encouraged to conduct intra-club swimming and board training and competition related events in a progressively challenging but safe environment regarding distances, water safety personnel and in relation to the abilities of their junior members.

This intra-club environment is where club's should really encourage their juniors to challenge their personal skills and abilities and progressively work towards competently completing the official carnival competition distances in swimming, board, multi-discipline and relay related events if they wish to pursue inter-club competition.

The intra-club environment is where age managers and water safety personnel are more likely to have a better understanding of each of their own members swimming or board paddling skill level, as opposed to an inter-club competition where water safety personnel may have no idea of who specifically to keep an eye on.

JUNIOR COMPETITION EVALUATION

From the age of 8 (Under 9) juniors can begin to compete in inter-club, branch, state and national competition. To ensure that all junior members that wish to compete in water based interclub, branch, state and national events/championships have the ability, strength and fitness standard to complete the courses they must be able to complete the junior competition evaluation for their age group.

The junior competition evaluation is based on the swim distances as set out in the Surf Sport Manual for that age group and is a minimum standard guideline in the form of an open water swim. Individual states may have a higher standard for their competition evaluation. Contact the relevant state office for confirmation of the state specified junior competition evaluation.

JUNIOR AWARDS

Every junior member should achieve the relevant Surf Education Award appropriate to their age group.

Junior members competing in Branch, State or National competition must have also achieved the appropriate Surf Education Award appropriate to their age group.

Shimoda 2015 Japanese cultural exchange program

Would any interested members please indicate their willingness to travel to Shimoda in August 2015 (Exact date still to be sorted out).

This is a great cultural exchange and I am sure that the Shimoda members will benefit as much as you will.

Please e-mail me on surfers@live.com.au if you are interested.
